

On Sunday, exhibitors must load in from the side alleys to OCEAN DRIVE. Manhattan Beach Blvd will be closed off at Highland Ave (you will not be allowed to drive down this way). This will be the same way we load out as well.

****For delivery to the NORTH EXPO, come off CENTER PLACE or 12th ST and unload from the corner of Ocean Drive and Center Place.**

**** For delivery to the SOUTH EXPO, come in on 11th PLACE and unload from Ocean Drive.**

After you unload and drop off, you will drive back the way you came and go to the Sketchers Office Building, located at 228 Manhattan Beach Blvd at Highland Ave. Please take note this is NOT the Sketchers Store. The entrance to the parking is on Bayview at the corner of Bayview and 11th. Only vehicles 6' and lower can fit in the entrance, no trucks or larger vans. Here you will give the parking attendant your name and receive a parking pass that is good until 3 pm.

If you have a larger van, there are other options for parking – Lot 3 listed on the picture map below allows 10-hour metered parking in open air lots that are big enough to fit large vehicle. Since we only have one car per exhibitor in the Skechers lot – this is another option if you have multiple cars that need to park. You can also visit this website for more information about Manhattan Beach Downtown Parking - <https://www.downtownmanhattanbeach.com/parking>
